FEMALE DISEASES,

Chronic Diseases!

DR. FISHBLATT Has discovered the greatest cure in the world for weakness of the back and limbs, involuntary discharges, impotency, general debility, nervousness, languor, confusion of ideas, palpitation of the heart, timidity, trembling, dinness of sight or gidness, discases of the head, throat, nose or skin, affections of the liver, lungs, stomach or bowels—those terrible disorders arising from solitary habits of youth—and secret practices more fatal to their victims than the songs of the Syrens to the mariners of Ulysses, blighting their most radiant hopes or anticipations, rendering marriage impossible

YOUNG MEN

Married persons or young men contemplating marriage, aware of physical weakness, loss of pro-creative powers, impotency, or any other disqualifications, speedily relieved. He who places himself under the care of Dr. Fishblatt may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a physician.

ORGANAL WEAKNESS

Immediately cured and full vigor restored. This distressing affliction—which renders life a burden and marriage impossible—is the penalty paid by the victim of improper indulgence. Young persons are too apt to commit excesses from not being aware of the dreadful consequences that may ensue. Now who that understands this subject will deny that pro-creation is not lost sooner by those falling into improper habits than by the prudent? Besides being deprived of the pleasure of healthy offspring, the most serious destructive symptoms of mind and body arise. The system becomes deranged, the physical and mental functions weakened. Loss of pro-creative power, pritability, dyspepsia, palpitation of the heart, indigestion, constitutional debility, wasting of the frame, cough, consumption and death.

A CURE WARRANTED.

Persons ruined in health by pretenders, who keep them trifling month after mouth, taking poisonous and injurious compounds, should apply immediately.

DR. FISHBLATT,

Take Particular Notice.

Dr. F. addresses all those who have injured themselver by improper indulgences and solitary habits, which ruin both mind and body, unfitting them for husiness, study, society or marriage. These are some of the sad and melancholy effects produced by the early habits of youth, viz. weakness of the back and limbs, pain in the head, dimness of sight, loss of muscular power, aplitation of the heart, dyspepsia, nervous irritability, derangement of the digestive functions, debility, consumption, &c.

P. S.—Those who reside at a distance, and can not call, will receive prompt attention through mail, by simplydsending their symptoms with postage.

[Special Corr. of the Journal.] COLUMBUS, Jan. 28th, 1880. But little work was done in the

Legislature last week as the members hardly got into working order before Wednesday, and discussions MMENSE PRACTICE before Wednesday, and discussions over pending bills occupied a great portion of the time. Hartshorn's Bill, providing that papers with the largest circulation have the sheriff advertis-ing, is one of the many bills introuseless to use the columns of the Journal for a repetition. Last Friday and Saturday nights Adah Richmond led the guileless legislators up to the footlights, and they were highly delighted with the gaudy display of heads of the remarkable manner in which she was relieved from diseases that had afflicted her all her life, and which prevented her walking, and problems of heads of the remarkable manner in which she was relieved from diseases that had afflicted her all her life, and which prevented her walking, and display of hosiery.
